***** We would like to draw your attention to our updated website pages. *****

Made to Measure Envelopes

The page shows the various styles and shapes of envelopes, a list that is constantly changing. Do bear in mind that these envelopes are not mass produced so can be made in any colour we can obtain paper and card in.

Foil Printed Ribbons

At the moment views shown are just for the single side satin ribbon with a cut edge rather than a rolled edge. However, price lists are available and show prices for double sided satins and rolled edge single side satins.

Cotton ribbon is also available printed. While we do not at this point make lanyards, the cotton ribbon is the same as is used for them.

As well we can print on ribbon supplied but will need to check a sample first.

Serviettes

Our serviettes are on the boil at the moment. Very popular for conferences and dinners, they get that brand out there in yet another novel way. An ideal way of obtaining sponsorship maybe, by offering perhaps a smaller sponsor the opportunity to have their brand printed on the serviette.

There are some new products on their such as the **Serviette Wrap**
